

General Info

Location: 1610 67th St. NW, Minot 58703. Located in Robinwood Estates, just west of Minot

Phone number: (701) 500-5617 – Please feel free to text! It's usually the fastest way to get in touch with me

Payment: Cash or credit card. No checks please.

Checking your pet in and out: I try to be as flexible as possible for arrival and pick up times. Generally I can be available any time between 8am and 10pm for arrivals and departures.

When you are on your way to my house I will always ask that you let me know, via text, that you are on your way. I put all other dogs outside or in their crate when dogs are coming and leaving or else it becomes a bark fest - and that can be very stressful.

I will typically be in contact with you a day in advance of your dogs stay to make arrival plans, if they have not already been made. Because the other dogs will be outside or in a crate, I respectfully ask that you arrive within 15 minutes of the agreed upon time.

Fees (Subject to change)

- \$25 per day for first pet, \$15 per day for each additional pet.
- Holiday rates (day before until day after holiday) \$30 per day first pet, \$20 per day second pet. Holidays: New Years, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas.
- Full day will be charged when pet is dropped off before noon, or picked up after noon.
- Half day will be charged when pet is dropped off after noon, or picked up before noon.
- There is no extra charge for administering medications. I am able to administer insulin to diabetic dogs as well.

Military Discount is 10% - if pet stay is TDY or PCS related (with verifiable orders) discount is 25%. Please ask for discount when booking.

Airport Service: I will come to your home, pick up you and your pup, and take you to the airport. Nothing beats front door service! (and no parking fees either) When you return, Fido and I will get you from the airport, and take all of you home. Fee: \$25. Please note that I donate all of my airport service income to dog rescue. If you have a rescue group you prefer your fee goes to, please feel free to let me know.

Boarding: All services provided are in my home. We have plenty of toys, doggie beds to lounge on, and yes, dogs are allowed on the furniture. ☺ I have a large fenced in yard that is specifically for the dogs, it has toys, things to chew on, things to climb on, an area dirt to dig in (if they desire) and always have clean, fresh water available. There are two shelters, which allows for a shaded place in the summer months and a warm place during the winter. Most days we take

walks in the neighborhood (if your dog is able), and sometimes take field trips to Roosevelt Park, or Oak Park. We always have lots of play time in the large dog yard, and indoor couch time, with optional belly rubs. Prior to leaving, every pooch is given a full brush out with grooming spray so they look, and smell good when they come back home. Book early, all doggie guests are treated like family. I usually book anywhere from 1-6 guest dogs at a time, the number I allow depends on the breed and temperament of each dog. I limit the number of guest dogs to be sure your pets get plenty of attention, affection, and enjoy their vacation at Jen's Dog house.

Need more than a place to stay? I can also do basic grooming for you!

Small dogs (up to 25 pounds)

Nails \$10

Brush, Bath, ear cleaning, blow dry, and massage \$20

Bath and nails combo \$25

Medium Dogs (over 25 pounds and under 60 pounds)

Nails \$15

Brush, Bath, ear cleaning, blow dry, and massage \$30

Bath and nails combo \$40

Large Dogs (60 pounds and over)

Nails \$20

Brush, Bath, ear cleaning, blow dry, and massage \$40

Bath and nails combo \$55

I am able to give haircuts, but typically only basic shave downs. Once upon a time I worked full time as a groomer but those skills are rather rusty. If your dog is getting a bath I am more than happy to trim feet hair and/or trim up the "potty patch" if your pets coat tends to accumulate urine or fecal matter.

**baths include anal gland expression

Please note: I dry all dogs with a professional, high velocity, forced air dryer. It has 2 speeds, and uses warm, not hot air. Once they get used to the loud noise it makes, most dogs LOVE to be dried this way, because the force of the warm air also gives a bit of a skin massage. I LOVE this drier because it dries the dog quickly, pushes out dead coat that is shedding, and dogs with long hair finish so FLUFFY! However, the loud noise of this drier scares some dogs to the point that I will not dry them this way and instead towel dry them really well, then air dry.

When packing your pet for a stay please bring:

- Completed forms if first stay (Owner Info, Pet Info, Release and Hold Harmless agreement ,Veterinary Authorization and a copy of their vaccination record)
- Collar (with a form of ID attached), leash/harness
- Crate – I have crates of many sizes, so ask me if I have your size available to use (I probably do). Please note that as a safety measure dogs are crated when unsupervised. There are some guest dogs who are used to being out all the time and do okay when left out unsupervised. I make the decision based on each dog.
- Their dog food. Please pack at least enough for the duration of their stay plus a day or two, just as a precaution.
- Dog bedding (whatever they prefer to sleep on at home, the familiar smell is soothing)
- Favorite treats (if desired)
- Favorite Toys (if desired)
- Medications (if applicable)

Vaccination requirements:

All dogs must have had their full rounds of puppy shots and their rabies vaccination must be current. **Please note that I do not require them to have a Bordatella vaccination. I prefer that dogs not have the intranasal Bordatella vaccination within two weeks of a stay.

Why no Bordatella you may ask? Please read:
